## **Antitrust Opening Remarks For Non In Person Meetings**

(To be used in opening/welcoming remarks at all EEI meetings)

“As you all know, EEI and its members are committed to full compliance with all laws and regulations and to maintaining the highest ethical standards in the way we do business. This commitment includes strict compliance with federal and state antitrust laws. On our website, [EEI.org](http://EEI.org), you will find guidelines outlining EEI’s antitrust compliance policy and procedures. Please take a moment to look over those guidelines and please follow them throughout this meeting.”
