Page: Emergency Recovery Award

Question	Answer
<p>This form is for companies recovering in their own service area. If you do not see the questions below, please return to the Submission Cover Page and select the Recovery category. If you are nominating a company for assisting another company, select the Assistance category.</p>	
<p>EEl's Emergency Response Awards recognize companies that faced difficult circumstances caused by extraordinary events and that put forth an outstanding effort to restore service to the public. If you believe that your company or another EEl member company should be recognized for its recovery from such an event, please complete this form.</p>	
Date(s) of the event	(one line text)
Date(s) of the recovery period	(one line text)
Type of event (e.g., hurricane, tomado, flood, ice or snow storm, etc.)	(one line text)
Summary of storm Please provide a brief summary of the event (e.g., wind speeds, rain/snow amount, tomado data, size and location of impacted area). 100 word max.	small text box
Please try to quantify the damage to your distribution system	
Miles of distribution line replaced	(one line text)
Company's total distribution feeders affected Number and percent of total	(one line text)
Number of feeders locked out If possible, please	(one line text)

<p>if possible, please provide number affected and number locked out</p>	
<p>Total number of trouble cases</p> <p>(Note that one customer being out twice in an event would count as two trouble cases)</p>	(one line text)
<p>Number of distribution poles replaced</p> <p>Number replaced and approximate total number on your system</p>	(one line text)
<p>Distribution transformers</p> <p>Number replaced and approximate total number on your system</p>	(one line text)
<p>Transmission line</p> <p>Number of transmission circuits locked out and percent of company's total transmission system</p>	(one line text)
<p>Transmission towers</p> <p>Number of transmission structures replaced</p>	(one line text)
<p>Substations</p> <p>Note any damage and repairs to substations (50 word max)</p>	small text box
<p>Generation</p>	small text box

<p>Note any damage and repairs to generation assets (50 word max)</p>	
<p>Peak sustained outages</p> <p>At peak, number of customers with sustained (not momentary) outages and percentage of total customers</p>	<p>(one line text)</p>
<p>Total outages</p> <p>In some cases the total number of customer outages is higher than the peak customer outage, due to the length of the event or the timing of the outages and repairs. If this was true, please provide the total number of customer outages. (Note that one customer being out twice or more would only count as one customer outage)</p>	<p>(one line text)</p>
<p>Restoration</p> <p>Please note below the percent and number of customers restored by day until 100% restoration. (Note: 100% restoration is defined to include only those customers who are able to take power.)</p>	<p>Large text box, no limit</p> <p>X% day 1 XX percent day 3 100% restored on the XXth day</p>
<p>Unable to take power</p> <p>If there were a</p>	<p>(one line text)</p>

significant number of customers who could not take power, please provide an estimate.	
Cost Estimated financial cost to the company	(one line text)
