

Edison Electric
INSTITUTE

Alex Bond

Executive Director, Clean Energy and Environment

Alex Bond is the Executive Director of Clean Energy and Environment for the Edison Electric Institute (EEI) in Washington, D.C. EEI is the trade association that represents all U.S. investor-owned electric companies. Alex directs EEI's Environment Department and helps to coordinate strategic clean energy engagement across the federal government and with key stakeholders.

Alex joined EEI in 2017 and most recently served as Deputy General Counsel, Climate & Clean Energy. In that role, he led the EEI team focused on ensuring that federal climate and environmental policies and regulations support member companies' ongoing clean energy transitions.

Before joining EEI, Alex worked in the U.S. Environmental Protection Agency's Office of General Counsel in the Air & Radiation Law Office. Prior to that, he worked on air and climate issues at EEI and the National Mining Association. Alex began his career working on stationary source issues for the Ozone Transport Commission, which represents the Northeastern states.

Alex received a B.A. in political science from Swarthmore College and a J.D. from the University of Maryland School of Law.
